MIXED FIBRES are loaded into the far roadside hopper and then are stored in one of the bottom compartments.

MIXED CONTAINERS are loaded into the bucket between the cab & body and are then stored in the top compartment of the truck.

WASTE itself is loaded into the lower curbside hopper and stored in a separate compartment inside the truck.

One truck, one-stop pick-up

Effective March 2, 2007 a new "high-tech" truck will be collecting Mitchell's garbage and recycling at the curb at the same time. This new truck is specially designed with three compartments.

Top compartment - holds recyclable bottles, jugs, cans & aluminum foil that you place inside your bluebox.

Bottom roadside compartment - holds all the paper fibre recyclables and plastic bags that you place beside your bluebox - newspaper & inserts, magazines, boxboard, corrugated cardboard, fine paper, telephone books and plastic film bags.

Bottom curbside compartment - holds the garbage.

When the truck is full, it will drop the garbage off at the landfill site and then take the recyclables to the Bluewater Recycling Association Material Recovery Facility in Huron Park.

Mitchell's New "One-Stop" Service Makes Recycling & Garbage More Convenient

NEW Collection Schedule

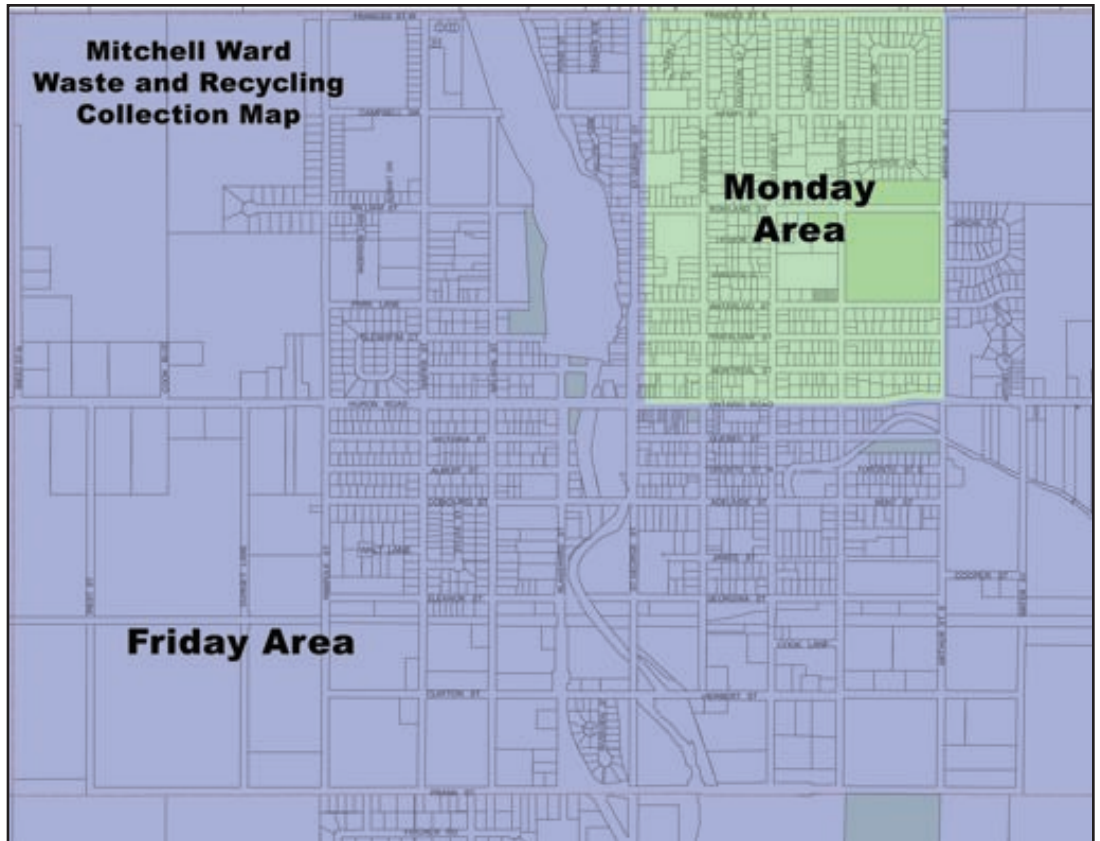

Materials will continue to be collected on Mondays and Fridays, however the boundaries have moved slightly to accommodate the new routes which means that some residents normally collected on Mondays will now be collected on Fridays.

The new boundaries for Mondays are highway 23(excluded), north side of Ontario, west side of Arthur and all of Frances including Baier. All other areas will be collected on Fridays effective March 2.

To ensure that your materials are collected, place both your tagged garbage and blue box at the curb by 7:00 am on your collection day and on the designated side of the street identified below.

Holiday Collection

Please remember that if your collection falls on a holiday collection will occur as scheduled, except for Christmas and New Year's Day; when collection will be rescheduled for the Saturday in between.

Want a Second Blue Box?

To help you store and put out your recyclables, you may purchase another blue box at a cost of \$8 from the Municipal Office. If your blue box is broken, bring it in and it will be replaced free of charge.

Proper Side of the Road

Please place your blue box on the side of the street indicated below.

* Note that you are to place your material on that side or where ever the driver leaves your blue box.
