Organic Info

Did you know...

Up to one third (66%) of your waste is organic! We encourage you to compost, and to visit www.bra.org/greencone for information on our fantastic composter available to all residents.

DID YOU KNOW?

The mobius loop on a plastic product does not necessarily mean it is recyclable! The loop system was designed to identify the 'type' of plastic it is.

It is important that you read the acceptable plastic chart which the Bluewater Recycling Association distributes to each household.

To learn more about acceptable plastics, please visit our website at www.bra.org. There you can navigate through numerous guides which will help you!

Hazardous Waste

Perth County currently does not have a full area hazardous waste program. Visit your local municipality website for special depot dates, or any updates regarding household hazardous waste days.

E-Waste Program

Along with the free drop-off program run by the Bluewater Recycling Association, you may also drop off items at some local landfills. Visit your local municipality website for a list of items that are accepted and whether or not they are free to dispose.
