

# BEYOND THE BLUE BOX

## Complete Recycling

It is very important to know that while the Bluewater Recycling Association takes a large variety of materials, and continuously increases the amount you can recycle; there are limitations at our facility. This does not mean that the item you have in question can not be safely disposed of! This section is perfect for those who have scrap metal, propane tanks, construction materials, tires and other waste that needs to be recycled.

## Yard Trimmings
