

E-Waste Program

In celebration of Waste Reduction Week, we are happy to bring you information on where you can drop off your electronic waste!

Recycling electronics just got easier.

The Do What You Can electronics program has set up a network of more than 500 collection points across the province where Ontarians can bring their used, broken or unwanted electronic equipment for responsible reuse and recycling.

The reason is a simple one - to do a better job of keeping waste electronic equipment out of landfill. All we ask is that you Do What You Can.

Where do I take them?

Bluewater Recycling Association is accepting all e-waste at its facility in Huron Park:

415 Canada Ave, Huron Park
Monday to Friday 7:30am-4:00pm
Phone: (519)228-6678

In addition you can bring your used electronics to a variety of special depots and event days (see map to the right).

To find additional drop-off locations near you, go to dowhatyoucan.ca and choose *Electronics*.

What products can I bring?

- Amplifiers
- Audio and Video Players
- Cameras
- Cell Phones
- Computers and peripherals
- Copiers
- Digital Cameras
- Fax Machines
- Monitors
- Pagers and PDAs
- Printers
- Radios
- Receivers
- Scanners
- Speakers
- Telephones & Answering Machines
- Tuners
- Turntables
- Televisions
- Video Projectors
